

Section 509 FENCES, WALLS & HEDGES

However, fences, walls and hedges cannot be established within any right of way (50 feet in width) or 25 feet from the center yellow line of all public roads that obstructs line of sight and can not jeopardize safe entry of vehicles onto adjoining roadways. Any disputed situations would be referred to the township roadmaster.

Fences, walls and hedges cannot obstruct line of sight at any public intersection or neighboring driveways accessing to a public road (see ordinance 508).

The solid portion of the fences, walls and hedges cannot exceed six feet in height (above six feet must be 50% open) within 100 feet of neighboring residence or 8' height within 150' of neighboring residence (finished side out).

Any damage caused by livestock or pets on neighboring properties due to deficient fencing construction or lack of maintenance is the responsibility of livestock or pet owner.
